**Result of AGM**

LONDON, June 7, 2007, Clean Diesel Technologies, Inc. ("Clean Diesel" or "The Company") (EBB: CDTI & AIM: CDT/CDTS & XETRA: CDI), an innovation leader for clean energy and environmental technologies to reduce harmful engine emissions, announces that at the Annual General Meeting held today, June 7, 2007 all the resolutions proposed were duly passed.

Speaking at the AGM, Dr Bernhard Steiner, President and CEO of Clean Diesel, said: "2006 was a significant year for the Company. We have accomplished what we set out to achieve, signing a number of license agreements which have created new routes to market. We now have the partners in place to utilise the exciting market opportunities ahead. Clean Diesel reached an important milestone in the first half of 2007, signing substantial licensing agreements with global industry leaders, starting with Robert Bosch GmbH. We are delighted with the progress of the Company. The regulatory environment continues to drive our business and we look forward to further success in the year."
