

PRESS RELEASE for June 15, 2006 at 10:00 AM EST and 3:00 PM GMT

Clean Diesel Technologies, Inc.

Clean Diesel approves increase in authorized capital and elects David F. Merrion to its board

LONDON, June 15, 2006, Clean Diesel Technologies, Inc. ("Clean Diesel" or "The Company") (EBB: CDTI & AIM: CDT/CDTS & XETRA: CDI), a developer of technological solutions to reduce harmful engine emissions, announces that at the Annual General Meeting held on Thursday, June 15, 2006 all the resolutions proposed were duly passed.

Resolutions included increasing authorized capital from 30 million to 45 million shares and the appointment of David F. Merrion as a non-executive Director. The increase in authorized capital allows Clean Diesel the flexibility to improve its balance sheet and to consider potential technology acquisitions.

David is currently the Chairman of Clean Diesel's Technical Advisory Board. He has extensive experience in the diesel industry as the former Executive VP Engineering for Detroit Diesel Corporation, a Daimler Chrysler subsidiary, and continues as a consultant to Detroit Diesel Corporation as well as other companies and law firms. He is the Chairman of David F. Merrion, LLC, Chairman of Green Vision Technology and on the Board of Directors of Catalytica Energy Systems, Inc. David is an SAE Fellow and member of ASME and has a number of publications to his name. He holds a patent on a diesel electric hybrid power train and is a graduate of both General Motors Institute and MIT.

Commenting on his appointment David says: "I have seen Clean Diesel grow from strength to strength and am delighted to step up on to the Board at this exciting time. As the world opens its eyes to clean technologies, Clean Diesel is truly a pioneer in adopting environmentally sound engine technologies that comply with the latest anti-pollution regulations. I look forward to working with Clean Diesel as the Company grows."

Derek Gray, non-executive Chairman of Clean Diesel, said: "David will be a very strong addition due to his background within the industry and excellent connections within our related industries. David has supported us as chairman of our Technical Advisory Board and will further assist us with our growth plans going forward. We are delighted to welcome David to the Board."

There are no further disclosures to be made regarding this appointment under Schedule 2 paragraph (g) of the AIM rules.
